

ENGG 680 - Introduction to Digital Engineering

Group #: 17

Group Members: Tami Adeleke, Shehrukh Wasif, Kara Fitzgerald, Muhammad Anas Nawaz

Group Contract

Name	Primary Contact Information
Tami Adeleke	tami.adeleke@ucalgary.ca
Shehrukh Wasif	Shehrukh.wasif@ucalgary.ca
Kara Fitzgerald	Kara.fitzgerald@ucalgary.ca
Muhammad Anas Nawaz	Muhammadanas.nawaz@ucalgary.ca

1. The team agreed that the primary contact method and file-sharing platform will be Microsoft Teams.
2. For regular group communication, the team will allow a 12 – 24-hour response time. However, closer to deadlines and submissions, team members will be expected to be readily available for collaboration.
3. Meetings will be held on an as-needed basis, with quick check-ins after classes and labs, and more detailed meetings scheduled over the weekend. Meetings will be kept online to support dynamic collaboration.
4. Work will be distributed fairly based on individual skills and interests, while also ensuring an equal workload for all members.
5. Team members are expected to:
 - Attend meetings regularly
 - Respond to messages and emails promptly
 - Complete their share of the workload
 - Actively participate in meetings and group work

The expectation is that the workload will be split equally (25% for each member).

6. Decisions will be made through unanimous or majority consensus. All members will have the opportunity to voice their opinions before the team votes on the way forward.
7. Conflict will be resolved by focusing on the problem rather than the individual. The team will maintain a safe space for respectful communication and will use in-person or video calls to avoid misinterpretation of written messages.
